The purpose of the peer review meeting on 4/21 (assuming the majority of you are available) is threefold (1) to refine a list of questions a peer review panel will be asked (2) to refine the structure of the proposed peer review process, and (3) to develop a list of panel members to be invited to participate. We have formed a small working group for this purpose and are asking for your participation

We distributed a conceptual draft of the proposed peer review process at the last BDAC Ecosystem work group meeting and asked for comments on the process, proposed questions, and the criteria for panelist selection. I will send each of you a copy of the conceptual proposal and would like your list of possible questions and possible panel members and comments on the structure to me by 4/18 so I can compile all information before the 4/21 meeting.

I will also be compiling other comments we have received for your review and comment on the 21st. The refinement needs to be completed by 4/23 in time to be redrafted and mailed out in the next packet for the 4/30 meeting of the BDAC workgroup. I encourage you to attend the 4/21 meeting

I will be faxing the conceptual proposal to those you did not attend the BDAC workgroup meeting.

If you have questions please call me at 653-1103

thanks for your help

Kate Hansel
